**AirMiller "Sit Cool"™**

Timeless Values. Innovative Design.

Welcome to Miller at Work, a new breed of office furnishings supplier with strong industry bloodlines.

Building on decades of success as Miller Desk-a recognized leader in quality, value and service-we offer you the perfect synthesis of innovative design, cutting-edge technology and old-fashioned values. At Miller, we believe in family. That is why our entire seating collection is named after members of our family.

Located in the heart of the furniture capital of the world - High Point, NC you get unmatched quality while knowing we are supporting our community and country. The Felix chair is named after the Miller brother's father Felix Miller Jr. who believed in engineering products that would perform under the test of time and patented and manufactured the first 500 lbs 24/7 ergonomic chair in 1991. The Miller family has been in the furniture business for over 70 years. Beginning in the 40's and 50's with Felix Miller Sr. our grandfather sold and serviced wood working machinery. In 1971 Miller Desk Company was created to service the office furniture industry with the highest of quality, by manufacturing desk and office furniture. In 2008 Miller at Work was established and is a continuation of superior products and work ethics from Miller Desk.

Miller at Work has the capacity to produce specific features in seatings which has made our 24/7, Big and Tall heavy-duty seating explode throughout the industry. We heard what you had to say, and we made it happen. Our seating offers a vast array of sizes and weight limits that can accommodate anyone. We have worked hard to earn the trust in the intensive use industry and now that we have done that we are taking that same approach to offer the same high quality craftsmanship from our 24/7 seating to a new non 24/7 seating line.

We have a motto here at Miller at Work and it is "A Tradition Of Listening", to us it is more than just a motto it is a way of life. That is why our products are so unique because we LISTEN.

Sincerely,  
Max Miller

*Max Miller*

## **We Care**

1. Listen to and take care of your customers request.
2. Respect and appreciate your employees by telling them how they are family.
3. Surround your company with can do suppliers.
4. Always take full responsibility of your actions personally and manufacturing.
5. Lead by example.
6. Every great sports team and business is only successful when they communicate within.

## **Team Members**

1. Max Miller - President/Owner
2. David Miller - Purchasing/Production
3. Cindy Marshall - Logistics/Contracts
4. Terri Sharpe - Controller
5. Larry Chester - Sales/Marketing AL, GA, South East
6. David Peele - Product Engineer
- 7.
- 8.
- 9.
- 10.

Please review the marketing questionnaire to help out potential customers decide what they need, especially since we offer more options than our competitors.

## **Chair Purchasing Guideline Considerations:**

1. Weight capacity
2. High Back, Executive Back, Low Back
3. Seat width
4. Seat depth
5. Seat Height range
6. Mechanism functions
7. Arm functions
8. Upholstered, mesh or combo
9. Fabric, Vinyl or Leather
10. Warranty coverage for each chair part
11. Warranty repair responsibility
12. Procedures to request assistance in repair
13. Contract requirements?
14. Special needs requirements

# What's in a model number?

Here at Miller at Work we have a specific way of doing our model numbers so that it makes it easier for customers to understand.

The first 3 to 4 digits of the model number is the actual model number for the chair, the next two digits are to specify the arms, the next digit specifies the **base**, the next two digits specify the **mechanism**, the next two digits specify the width and the last two digits are the depth of the seat.

## Example:

Model# of chair → **1697-18L-10-32-21-20** ← Seat Depth  
 Arm ↑ Base ↑ Mechanism ↑ Seat Width

## Bases

#2

Heavy Duty 5 prong steel base

#3

Heavy Duty 6 prong steel base

6 Prong Base  
Prevents Forward Tilting

#4FP

PATENT PENDING  
FOOTREST PLATE
